JAVA 6/5/98

1. Introduction to Java (Onne Peters)
2. Java ↔ C++ interface (")
3. Coding rules
   S.M.F. + K.B. + O.P. will prepare a proposal
   starting from our C++ rules and the SUN rules
4. Package names
   agreed on prefix ch.cern.atlas.
5. srt & Java
   . Java is not very "makefile friendly"
   . Marc Dönszelmann has a sample makefile which he will give to Lassi
   . code in share/ because not platform spec.
6. Development Tools
   . Visual Café . Visual Age
   . Together . J.A.S.
7. Beans
   . wrapper for BeanInfo was suggested
