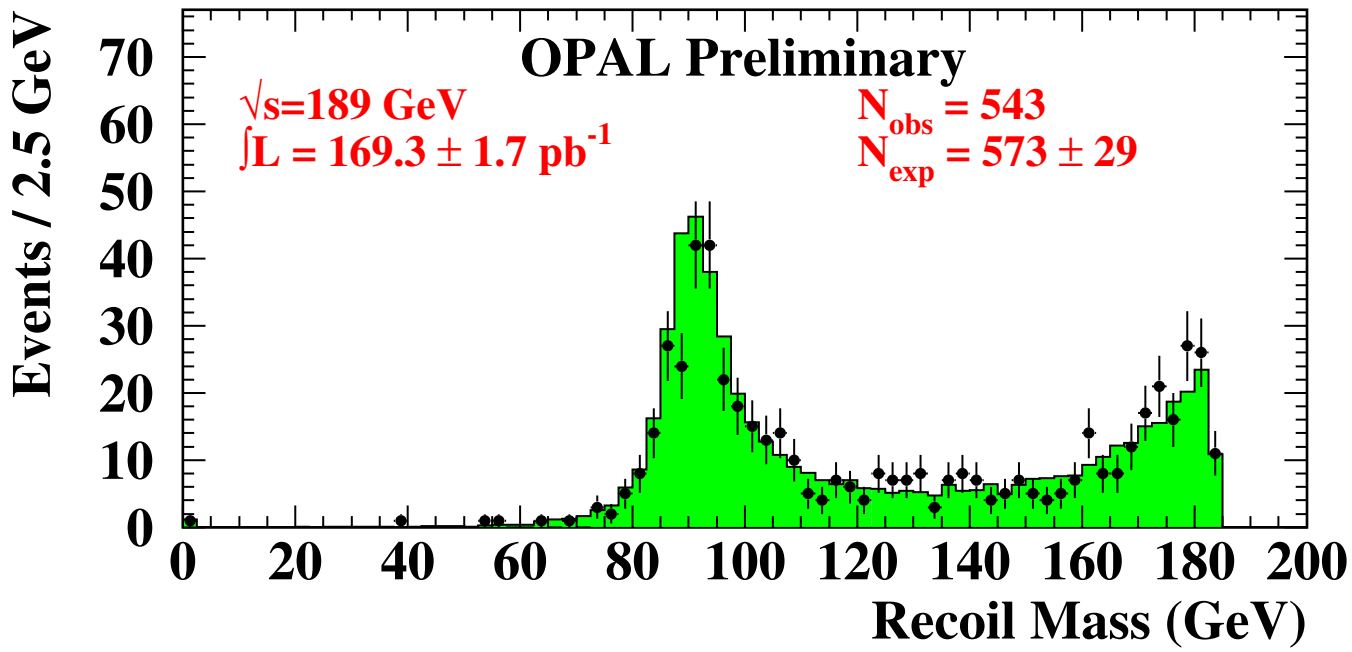
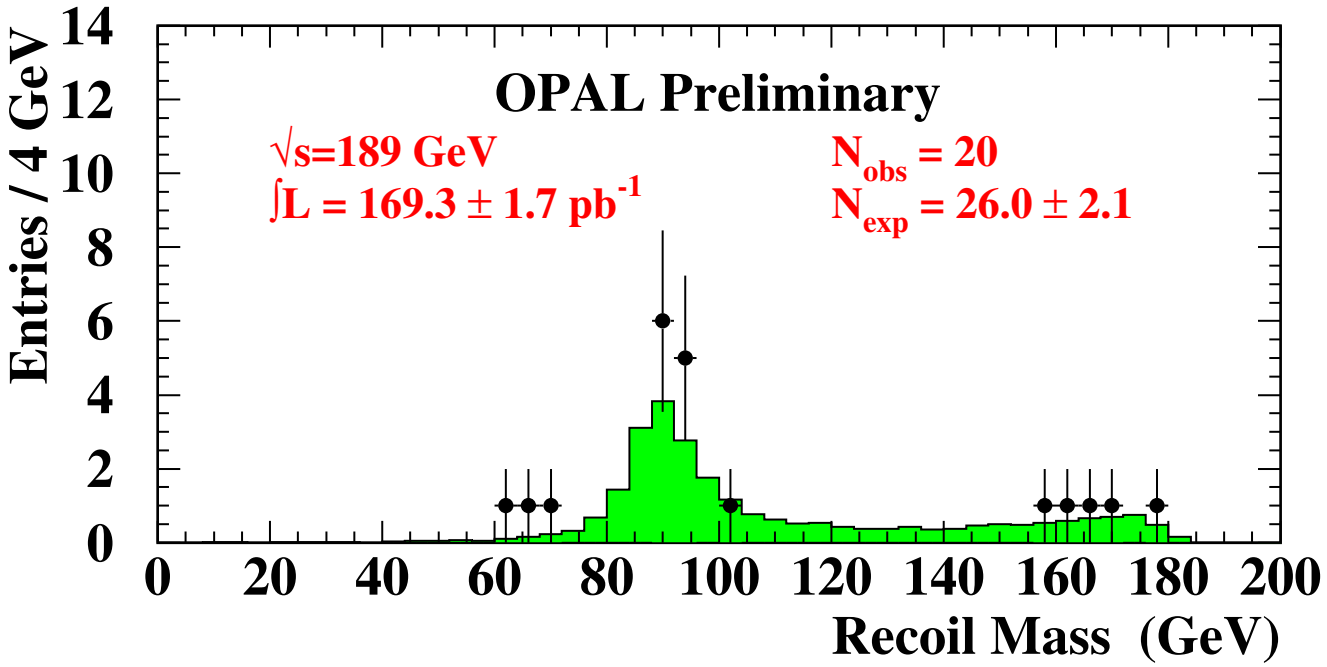
Photonic events with missing E_T

- Standard Model measurement $e^+e^- \to \nu\bar{\nu}\gamma(\gamma)$
- New physics: $\tilde{\chi}_2^0\tilde{\chi}_2^0$ ($\tilde{\chi}_1^0$ LSP), $\tilde{\chi}_1^0\tilde{\chi}_1^0$ (light $\tilde{G}$ LSP), $\nu^*\overline{\nu}^*$

Single photon recoil mass





Acoplanar photons recoil mass
