

Page for VO registration: <https://lcg-voms.cern.ch:8443/vo/cms/vomrs>

VOMS registration

Click on 'Member Info'

to expand drop down box

Click on 'Re-sign Grid and VO AUPs'

Then click 'Check authorization status' -ticking first name, last name, roles, VO Exp Date to see if done

Takes ~1hour to be re-registered.

cms VO Registration

Welcome to the cms VO Registration Service!

This site is used for registering cms VO grid resource users and for managing information about their affiliation with the cms VO and their permissions regarding use of the grid resources.

Registration consists of two phases. In phase I, a visitor completes the registration form labeled "Registration (Phase I)". Next, the visitor becomes a "candidate" for VO membership. After an initial confirmation of identity, the candidate moves to phase II. In phase II, the candidate completes the registration form labelled "Registration (Phase II)" and confirms intent to comply with the Grid and VO AUPs of [the LCG Grid](#). At this point the candidate becomes an "applicant". Once the applicant is approved, he or she becomes a "member". The [VO administrator](#) may grant you administrator rights, as appropriate.

Below we list the VOMRS functions available to users at each stage:

Visitors to the cms VO may:

- Browse groups
- Browse institutions and sites
- Browse required personal information
- Browse CAs recognized by cms VO
- Complete Registration Phase I

In addition to the visitor functions, **candidates** to the cms VO may:

- Browse their personal information
- Browse their certificate information

In addition to the candidate functions, **applicants** to the cms VO may:

- Select group and group role assignments
- Re-sign usage rules
- Browse their own authorization
- Unsubscribe and resubscribe to personal event notification

In addition to the applicant functions, **members** to the cms VO may:

- Enter/delete additional certificates
- Select a different primary certificate
- Change their own personal information

Additional functions reserved for approved cms VO **Administrators** :

- Add, change, delete information for members, groups, institutions,sites, CAs

Re-sign the Grid and VO AUPs

You have to read and sign the Grid and VO AUPs of [the LCG Grid](#) if your VO membership is about to expire or has expired. If this is the case you should have received the email from a [VO administrator](#).

Your current VO membership expiration date is 2012-3-31.

Please read and sign the document below:

=====GRID Acceptable Use Policy

By registering with the Virtual Organization (the "VO") as a GRID user you shall be deemed to accept these conditions of use:

1. You shall only use the GRID to perform work, or transmit or store data consistent with the stated goals and policies of the VO of which you are a member and in compliance with these conditions of use.
2. You shall not use the GRID for any unlawful purpose and not (attempt to) breach or circumvent any GRID administrative or security controls. You shall respect copyright and confidentiality agreements and protect your GRID credentials (e.g. private keys, passwords), sensitive data and files.
3. You shall immediately report any known or suspected security breach or misuse of the GRID or GRID credentials to the incident reporting locations specified by the VO and to the relevant credential issuing authorities.

Accept Decline

I have read and agree to the Grid and VO AUPs.
